### City Contributing To Community Chest

#### SEEK TO OBTAIN PLEDGES WITHIN 2-DAY PERIOD

Teams of Workers Start Out This Morning To Fill Chest Fund

#### FIRST REPORTS AT MEETING TONIGHT

#### Instructions and Impetus Given Solicitors Last Night at Dinner

Captains of nine teams and their teamworkers started out this morning to obtain pledges within two days to fill the Salem Community Chest fund for another year.

The total amount sought is \$24,200, to be apportioned among seven institutions supported through the Salem Welfare federation. These institutions are the Salem City Hospital, Memorial Building, Red Cross, Boy Scouts, Salvation Army, Home For Aged Women and Quaker City band.

These voluntary solicitors received their full instructions and plenty of impetus for the campaign at an organization dinner at the Memorial building Wednesday night, presided over by John S. Alan, general chairman. Alan spoke of the work of each institution, encouraged the workers to do their best and declared that, as Salem always has responded nobly to such a call, he felt sure the goal would be reached.

C. C. Gibson, chairman of last year's campaign, also spoke words of encouragement, as did F. P. Mullins, a member of the executive committee, while L. P. Metzger, chairman of the executive committee, outlined the plans for the campaign and gave general instructions to the teams.

Chairman Alan also called upon captains and other members of the teams and the following responded briefly: Captain C. S. Carr of Team No. 1; Judge J. C. Boone, captain of No. 2; Captain R. M. Atchison and R. W. Hawley of No. 3; Captain E. F. Hauser of No. 4; Captain R. S. McCulloch and Mr. Reichart of No. 5; Miss Martha Wire, captain of No. 6; Mrs. J. M. Kelley, captain of No. 7; Mrs. J. E. Maley, captain of No. 8 and W. F. Bolen, captain of the shop team.

The teams were given districts to be solicited today and the first reports will be submitted at dinner at 6:30 tonight at the Memorial building. The campaign will be closed Friday night.

#### REED IS TIRED OF FUND PROBE

#### But Senate Orders Him To Investigate New Jersey Primaries

Washington, May 17.—Senator James A. Reed now a candidate for the Democratic nomination, today was voicing an earnest protest against the senate's action in ordering him to conduct an investigation of the New Jersey Republican senatorial election.

Reed protested in the senate that he "did not want to direct any more inquiries," but the senate, by a viva voce vote, ordered his famous "slush fund" committee to probe the New Jersey primary, in which Hamilton P. Kean, defeated former Gov. Edward C. Stokes and others for the Republican senatorial nomination.

The new inquiry was demanded by Senator Caraway (D) of Arkansas, when newspapers reported Stokes charged Kean with using money to win the nomination.

"I don't want to investigate anything," said Reed. "I am a candidate for the presidential nomination and I have enough investigations."

Senator Goff (R) of West Virginia, another member of the committee, announced he would resign as soon as it finally reported on the investigations held last year into the Smith and Ware elections.

If Reed and Goff do resign, a new committee may be named to supplant the famous Reed committee which investigated the Pennsylvania and Illinois elections of 1926.

#### Foremen's Club To Give \$100 To Fund

The Mullins Foremen's club has decided to contribute \$100 to the Community Chest campaign now in progress.

This was announced today by officers of the club. The club is an organization of supervising officials of the Mullins Manufacturing corporation.

### THREE SUSPECTS DENY KIDNAPING IN YOUNGSTOWN

#### Searching Parties Still Hunting for Trace Of Beatrice Rosenbaum, 10, Who Dropped Out of Sight Last Monday Night

Youngstown, May 17.—Despite their denial of all knowledge of the mysterious disappearance of 10-year-old Beatrice Rosenbaum from her home here May 14, three suspects were to be questioned again today by local police.

The three persons who said they saw Beatrice enter an automobile Monday morning were to be brought to police headquarters here to look over the trio.

Mrs. W. C. Vangorder and Mrs. G. Kelly next door neighbors of the Rosenbaums, declare they saw a car drive up in front of the Rosenbaum residence, pick up the child and drive away.

Several searching parties including police, Boy Scouts and citizens were still continuing their search for the missing child.

Max B. Rosenbaum, father of Beatrice, told police of a mysterious telephone call last night telling him that a light was burning in a vacant house on Lincoln street. Police

rushed to the address and found nothing.

Rosenbaum says he has no enemies and no money and can see no reason why his child should "be taken from him."

#### Fourth Man Released

Chief Metcalfe declined to state what theory the police hold in the case.

The fourth suspect questioned was released after he had furnished an alibi as to his whereabouts on the day of the abduction.

The first suspect, a 55-year-old man, was arrested at his home after police had received a tip that he had been driving through Mill Creek park slowly and that his description fitted that of the abductor.

When this man was approached by officers he seemed startled and said: "Why are you implicating me in this kidnapping?"

Vice Squad Officer St. Clair who arrested the man said he was very

### SEWER RENTAL PLAN ADOPTED FOR NEW PLANT

#### Council Will Provide For Maintenance by Charge Each Quarter

A definite program for a sewer rental was adopted by the city council in its meeting as a committee-of-the-whole last night, and City Solicitor Cecil Scott was instructed to prepare an ordinance for passage at the next council meeting June 5.

The new plan, as advocated by City Engineer F. S. Barkhoff will cost Salem people approximately \$1 per capita for handling and taking care of each person's sewage. The estimated cost, according to the plan, is \$1.20 per connected user. Under the state law code in regard to sewage rental, the city service director is in charge of the collection of the costs from the citizens.

The enactment of this financial program will provide for the maintenance of the city's new disposal plant. The plan will go into effect as soon as adopted, as the city has no money in the sewer fund to provide for the operation of the present plan, Barkhoff states.

### BUNN TO OPEN STORE TONIGHT

The new home of Bunn's shoe store will be opened tonight in the Metzger hotel building.

George J. Bunn, owner of the store, extends an invitation to the public to view the establishment which occupies quarters recently vacated by the J. C. Penney Co.

The public opening will be from 7 to 10 p. m. and Finley's Melody band will play. Favors will be given all who attend.

**Hurt In Accident**  
Columbus, O. May 17.—Benjamin Myers, 36, Cleveland, is in a hospital here today with a possible fracture of the skull and body bruises suffered late last night when he was struck by an auto said to have been driven by Jack Schultz, of Columbus.

### 1290 Students Had Perfect Attendance During Last Month

A total of 1290 students of the Salem public schools had records of perfect attendance for the month ending May 11, Supt. of Schools John S. Alan stated in his monthly report today.

There were 53 cases of tardiness reported, 36 being reported from the High school and 17 from the remaining five schools. Columbia and Junior High school each reported only one tardiness.

In the record of attendance, the High school, Junior High, and Prospect school each recorded 95 per cent attendance. The percentage of all the schools was 94. In the High school, 303 students had perfect attendance.

### TAX REDUCTION BILL WILL NOT HALT CONGRESS

#### Adjournment to Begin On Scheduled Time; Delay Boulder Dam Bill

Washington, May 17.—The seventy-ninth congress will close its first session May 26 and begin a leisurely trek to the national conventions, under plans finally approved by administration leaders.

The tax reduction bill alone stood as a barrier to the adjournment but administration leaders hoped for its passage in the senate today, a quick settlement of all differences between the house and senate and its final enactment by the end of the week. It was whispered, however, that failure to pass the tax bill would not delay the adjournment as the tax reduction would be applicable to 1929 payments and could be enacted next December in plenty of time to become effective next year.

When President Coolidge affixed his signature to the flood control bill, it was said, all chance for the summer session vanished. This was the one piece of legislation, according to leaders, which might have postponed the date of adjournment or possibly have caused congress to return to session after the conventions.

**Farm Bill Veto To Stand**  
The final enactment of the farm relief bill removed another though lesser obstacle to adjournment on May 26. It was quietly but authoritatively stated that the president will veto this bill and that no attempt will be made to enact it over his veto. Farm leaders were said to have agreed on this course because of the hopelessness of any attempt to get congress to make it a law over the president's formal opposition.

The new merchant marine bill also was to go to the White House today, after its final enactment by congress. This action likewise re-

(Continued on Page 4)

### CHILD IS FOUND DEAD BY MOTHER

#### Harriet Mathey, 2, Was Victim of Heart Attack, Belief

Harriet Roberta Mathey, two-year-old daughter of Mr. and Mrs. Roy Mathey of Washingtonville, formerly of Salem, was found dead in bed about 10 a. m. Thursday by her mother.

When Harriet went to bed Wednesday night she was apparently in her usual health and had played in the yard last evening.

Feeling that the child was sleeping too long, Mrs. Mathey went to her bed and found her dead. A physician was called and he thought she had been dead about six hours. Heart trouble was probably the cause.

Surviving are the parents, an infant brother, William, and the grandparents, Mr. and Mrs. William Gray, Poland, and Mr. and Mrs. August Mathey, Washingtonville.

The funeral arrangements will be announced Friday.

### MULLINS NEEDS 200 MORE MEN

The Mullins Manufacturing corporation needs 200 men at once. Mayor Phil Hiddleston was requested today by the company to aid in the search for these men, and surrounding towns were notified.

Increased business, through influx of orders has made necessary the adding of 200 men to the company's already large force.

### HOSPITAL HAD 1,841 PATIENTS LAST YEAR

A report issued today by Salem City hospital shows a grand total of 1,841 patients in the hospital during the year 1927.

Of this number, 1,002 were cared for during a period at the hospital; 606 were x-ray patients, and 233 ambulatory cases.

Of the number cared for in the hospital, 478 were local patients, 524 from outside towns and territories. Other localities 312. Non-resident ambulatory cases numbered to 74; local 157.

Regular patients were furnished by other cities as follows: East Palestine 87, Lisbon 61, Columbiana 82, Leetonia 84, Washingtonville 47, New Waterford 23, Sebring 4, Greenfield 15, Canfield 20, Winona 7, Damascus 6.

### FOREIGN TROOPS ON GUARD WHILE ATTACK IMPENDS

#### Chinese Nationalists Are Approaching Northern Capital Today

#### PREPARATIONS FOR ANY EVENTUALITY

#### Do Not Expect Trouble at Embassies, But Ready For Developments

London, May 17.—Chinese Nationalist (southern) troops are approaching Peking, according to advices from Shanghai today.

Foreign troops (including American) are guarding the foreign embassies and compounds. This is the ordinary guard, which has not been strengthened since the actual advance upon the city began. The bulk of the foreign troops are held at Tientsin.

It is reported that Soviet Russian troops guarding the Mongolian frontier are being reinforced. This has led to speculation as to whether Russian troops may move through Mongolia to join the southern army, if Peking is actually occupied.

The whereabouts of Marshal Chang Tso Lin, dictator of the Peking government and General Liao, of the northern armies, remains unknown. It is reported from Mukden that he has withdrawn from Peking with a large force of picked troops and is on his way to Manchuria.

Attaches of the United States legation in Peking were quoted as saying they did not anticipate any disorders but that preparations were made for any eventuality. Foreign residents of the city were advised either to leave or to remain in their homes.

**Marines On Guard**  
The United States forces in Tientsin and Peking consist mainly of Marines, who have been on duty in that country for years. They are under orders to do nothing which might provoke hostility of the Chinese but to protect American lives and properties.

In view of the fact that John Van A. MacMurray, the United States minister, recently concluded a settlement of the "Nanking incident" with the Nationalist government, it is felt in circles close to the United States legation that Americans are not apt to be molested if they remain in the background, according to advices from Tientsin.

The Japanese troops guarding the Japanese legation and the Japanese compound have erected barricades. These troops, as well as all the other foreign contingents, are under orders to do nothing to provoke the wrath of the Chinese.

A number of foreign residents, chiefly British, have left Peking, said a dispatch from that city.

### BODY OF SLAYER FOUND RUDDLED

#### Jack Parker Taken For Ride, Police Say; Was Wanted

Lebanon, May 17.—Riddled with bullets, the body of Jack Parker, also known as Thomas Combs, the object of a police search in connection with the slaying of "Buddy" Ryan, Cincinnati pugilist, was found in a ditch alongside the highway about two and a half miles west of here early today.

All indications pointed to a theory that Parker had been "taken for a ride" and had been slain on the road, his slayers then tossing the body into the gully, 20 feet from the highway.

Parker, said to be known to police in Cincinnati and Hamilton as an underworld character, was alleged by County Detective Joseph B. Schaefer to have been implicated in the spectacular hold-up of the Cincinnati bank near Columbus last week.

A car, identified as the one used in that holdup, and said to have belonged to Parker was found abandoned and wrecked in Hamilton last week, with machine gun parts stored inside, according to the detective. Further investigation into Parker's death with hope that it may shed new light on the bank robbery is being conducted.

### To Help Establish Standard of France

Washington, May 17.—The United States is prepared to help France establish the franc on the gold standard.

The treasury announced today that the federal reserve system would be available should France desire a large stabilization credit for the purpose.

The credit would be in the nature of an insurance, not a loan, officials said.

### Bishop Bast Found Guilty

BISHOP ANTON BAST

Kansas City, Mo., May 17.—Bishop Bast of Copenhagen, Denmark, was found guilty of imprudent and unministerial conduct before the Methodist general conference today.

He was suspended permanently from the exercise of the office of bishop.

All of the charges and specifications against him were sustained in the report of the "select number of seventeen" which acted as a trial commission.

Five other bishops, having reached the statutory age limit here retired by the conference during the day. They are Bishop Luther B. Wilson of New York,

Bishop Joseph F. Berry of Philadelphia, Bishop Wilbur P. Thirkield of Chattanooga, Bishop William F. Oldham of South America and Bishop Francis W. Warne of India.

Although deprived of his office of bishop, Dr. Bast retains his standing in the ministry.

The committee recommended that favorable consideration be given Bast by the committee on episcopacy, for his support and sustenance until the next quadrennial general conference.

The verdict was not unanimous, it was learned, as several of the jurors stood out for suspension for a quadrennium and others for an indefinite time.

### Ohio Will Gain Three Members In House If Fenn Bill Is Passed

Washington, May 17.—The claims of 11 states for their rightful representation in congress and a counter movement to enlarge the present membership faced the house today as it took up the Fenn bill to reapportion representatives among the states.

Brought to a vote at the insistence of leaders who say the house is flouting the constitution in delaying reapportionment, the bill met bitter opposition from representatives of 7 states which would lose members under the bill.

Although the constitution provides for a reapportionment of members of congress every 10 years, based upon the census, no reapportionment has been made since 1911. Backers of the bill declare that the result is that the house is not representative of the country.

Because of the wide-spread opposition to a disturbance of the present membership, the bill of Rep. Fenn (R) of Connecticut provides for a reapportionment on the 1930 census. It also provides that if congress fails to do this itself, the secretary of commerce shall apportion congressmen among the states.

**Farm States Kick**  
The plea of spokesmen for fast-growing states such as Michigan, and California for their due representation of members of congress every 10 years, based upon the census, no reapportionment has been made since 1911. Backers of the bill declare that the result is that the house is not representative of the country.

### PRIVATE FUNDS WOULD BE USED MAYOR REVEALS

#### City Officials See Way To Provide Extension At Small Cost

#### PETITION UPSET PLANS LAST YEAR

#### Work Progressing On The White Way On Main and Broadway

Salem's "white way" lighting system will be extended to Ohio ave., if present plans of Mayor Phil G. Hiddleston, City Engineer F. S. Barkhoff, Service Director C. A. Cavanaugh, and Safety Director Rex Ruggy go through, Mayor Hiddleston explained today.

Hiddleston stated that the officials had been discussing the extension for several days, and complete plans and specifications are now being drawn up by Barkhoff to rush it through.

It is proposed to provide the extension without going through all the formalities of legislation in city council by raising the funds from private sources, several organizations on McKinley ave., already having consented to aid the extension financially, Hiddleston revealed.

McKinley ave., out to Ohio ave., contains many of the city's finest public buildings, the Elks home, Masonic temple, Carnegie library, Memorial building, while the Eagles and Moose lodges have also purchased lots for homes.

To extend the white way would not be of any great expense, Hiddleston states, and the benefit the city derives would offset that expense.

**Petition Halted Plans**  
The officials are investigating the most efficient and cheapest methods of completing their plans.

Original plans drawn last year were for the extension of the white way to Ohio and Hawley aves. When such plans were ready to be made a part of the legislation, a petition was handed council by many property owners from Lincoln to Ohio on McKinley, asking that the white way not be extended. This was granted.

Since that time many pleas have been made to city officials for the extension of the system, despite the petition. It has been pointed out that the present system is in such poor shape that the beauty of the row of public buildings is not enhanced.

Work is now progressing on the white way on Main and Broadway. As soon as the conduits are in place the new poles will be erected, and the last of the overhead wires in the business district will go.

### CO-ED WHO DIED IN FIRE BURIED

#### Wittenberg Students Go To Pay Respects To Shelby Freshman

Springfield, O. May 17.—Thirty-five students of Wittenberg college went to Shelby today to attend the funeral services to be held over the body of Hilda Sipes, co-ed, who died early Tuesday in a dormitory fire at the college.

Cancellation of all week-end social activities at the college was announced. Officials are continuing their investigation in an effort to determine the origin of the fire.

It was thought that Miss Sipes, overcome by smoke, fainted while trying to escape from Woodlawn hall. Her lifeless body, just outside the door of her room and in the entrance to a small bathroom, was recovered by firemen.

### PRINCE CAROL IN BRUSSELS: WILL NOT TALK

Brussels, May 17.—Prince Carol and Mme. Lupescu were in seclusion at the Palace hotel here today. The prince declined to see reporters or issue any statement.

His secretary explained that no interviewing would be granted the press by the prince while he remained here as he did not wish to endanger in any way the hospitality extended him by the Belgian government.

No inkling as to the future plans of the Prince was given out. The prince and his party arrived here late last night from London, after eluding reporters and detectives by a ruse there.

### Herrick Honored

Paris, May 17.—King Albert, of Belgium, has conferred a gold medal upon Myron T. Herrick, United States ambassador to France, in recognition of his service to the cause of aviation.

## PLAYING PRIMITIVE

There is a contest under way in the United States which aims to reconstruct the more agreeable forms and colors of the past.

In Williamsburg, Va., the folks are busy with a program which involves restoring the old city from which the colonial government from Great Britain ruled the province set out in the wilderness of the new world.

The good people in Annapolis, Md., are using the unchanged colonial background for a fete in honor of its birthday.

In Kentucky, the eldest descendant of Virginia and Maryland, there recently was presented one of the Blue Grass state's famous "battycake brekfests," the log cabin at the state fair grounds in Louisville being its locale.

These battycake brekfests were originated by Anthony Woodson of the Courier-Journal, who conducts in that paper a column called "Homefolks." It is written entirely in the Kentucky vernacular with particular emphasis on the locutions of what is called the Green river country.

Folks in New York couldn't understand the column, and Bostonians would consider it something entirely foreign to this country. But it is clear to Kentuckians.

Mr. Woodson gives an annual breakfast. This year the menu was, in the language of the host, "lace aidge battycakes made outen wawter and grounded cawn meal, hot sawsidges with sage dressin', fried apples and hot cawfee with long or short sweetenin'."

Some guests, attired in backwoods garb, came in farm wagons, and gallants appeared riding unbroken mules, followed by Old Beck's colt.

## COVETOUSNESS

Certain of your friends have prospered to the extent that they can live on a far more elaborate scale than you.

You are a bit resentful and, in conversation, you frequently allude to the fact of their success beyond that which you have attained.

Perhaps you have carried this line of thought so long that you feel that they are no longer interested in you.

It may have happened so to some, but in most cases true friends, who have made more money, don't want to lose their old friends.

And if they do drop them out it is for other causes.

It is easy enough to imagine all sorts of things.

High strung, sensitive persons, eager to lead, find themselves cramped by not enough of the wherewithal to take the social initiative.

Or not caring so much for leadership, find they cannot follow because the financial gulf keeps widening.

Isn't true friendship something more to you than a lead or follow game?

If your friends have made money be glad and do your part in loving service, little thoughtful favors that money can't buy.

## What Others Say

## DECLINE OF CYCLING HERE

In the United States, with its 20,000,000 motor vehicles, bicycle-riding has become too dangerous to be indulged in as a recreation. There was no better exercise in its prime. By bicycle one could explore the country, taking byways and tow-paths as well as highways, and penetrate sylvan nooks inaccessible to motorists today. The cyclist was not a prey to fears about his safety on the road, now after a day in heavy traffic the motorist returns thanks for escaping the hospital. A great sport went out in the United States when cycling was abandoned.

In England and on the continent cycling is still a popular sport, and statesmen as well as school boys are seen astride the little leather saddle. Women ride fearlessly. No less than 6,000,000 cyclists have been listed in England by the Touring club. It is getting ready to celebrate a golden jubilee in June. A feature is to be a relay race around England, Wales and Scotland. At the finish, on the birthday of the Prince of Wales, who

rides a bicycle himself, there will be a distribution of prizes.

In the Scandinavian countries bicycles are in general use. All the monarchs ride as well as most of their subjects. Girls flit along the country paths. Men no more on the sunny side of 60 tool about serenely. In Europe there is not a touring car to every five persons. The rights of cyclists are recognized and enforced. Even pedestrians have some consideration. An elderly person on a bicycle is not a ridiculous sight—he may be the prime minister, or a professor of logic, or a society leader. What adult in the States dare to ride a bicycle on the highway unless he is a mechanic going to work in overalls?—New York Times.

## THE GROWING DOLLAR

While the treasury plans to reduce the size of the one dollar bill, the dollar is growing larger in value and promises to continue to grow. On the basis of the cost of living index of the Industrial Conference board, it is worth more now than it has been for nearly five years. Its purchasing power has increased to such an extent that it is now reported to be worth 62.1 cents.

But to the casual observer 62 cents must seem a low appraisal of the value of a dollar, which is commonly understood to be worth one dollar—nothing more nor less. It should be perceived, however, that this valuation is arrived at by comparison with the pre-war dollar. Taxing this as a measuring rod, the post war dollar of July, 1920, was worth only 48.9 cents. That was the lowest point it reached and, paradoxically the dollar then was not worth half a dollar.

Since that date 132 cents have been added to its purchasing power. Though the dollar is still worth less than six bits, as compared to its pre-war ancestor, its material growth is gratifying and it is to be hoped that it will grow bigger. And still these reports on its value in terms of its buying power do not wholly satisfy the curiosity of the man who owns the dollar. He realizes that the extent of its growth depends upon what is bought with it. For example, the automobile dollar has grown more rapidly than dollars that are used to pay the rent or to buy the ordinary necessities of life.—St. Louis Globe-Democrat.

## Editorial Quips

What is home without a winter in Florida, a tour of Europe and a Mediterranean cruise?—C. Herd.

A "liberal" is a complimentary name for a man who would rather see through errors than build on truths.—Boston Herald.

Primo de Rivera of Spain is now to be numbered among the ex-dictators of history. Deposed? No, married.—Chicago News.

Candidates must have a keen sense of equilibrium to be able to run for office on the fence.—Norfolk Virginian-Pilot.

Another difference is that Italy is excited about bomb plots while Chicago has got used to such things.—Indianapolis News.

Some politicians refer to prohibition as a dead issue. If it is some one did an excellent job of embalming.—Florida Times-Union.

You can't expect much reform in a land where hatred of those who rob the public is seven parts envy.—San Francisco Chronicle.

Political cartoonists are kindly requested to make the Democratic donkey resemble as little as possible the white mule.—Detroit Free Press.

The office cynic says he always used to wonder how a delegate at a national convention could cast half a ballot until he knew some of the delegates.—Detroit News.

One of the missionaries says that the Indians are changing, which confirms the impression given by pictures of the noble red man in his limousine.—Boston Transcript.

How can Jesse Jones claim the Houston convention will be the "Greatest Show on Earth" when there will not even be an elephant to head the street parade?—New Orleans Times-Picayune.

One reason for the stagnation in the coal fields: The oil used as fuel last year was the equivalent of 330,000,000 tons of coal, and water power was utilized as the equivalent of 105,300,000 tons more.—St. Louis Globe-Democrat.

The Stars Say—  
For Friday, May 18.

By GENEVIEVE KEMBLE.

UNDER the propitious rule of powerful planets this should be a day of many accomplished desires and achievements. This happy sidereal influence not only favors routine affairs but inspires to ambitions in the direction of higher things, affecting cultural as well as mystical aspirations. Artistic, social, romantic affections engage the attention and there is augury for a change of benefit.

Those whose birthday it is may prepare for an important year, with progress and attainment in many channels, the higher and finer things of life engaging the activities and thriving. Personal and cultural contacts bring much pleasure and an advantageous change seems imminent.

A child born on this day may be predisposed to the finer things of life and may be talented in the direction of music and art literature, science and invention. It may have a happy and successful life.

What I want to be is the star and compass to what I AM.—Glen Buck.

## Faces Senate Inquiry

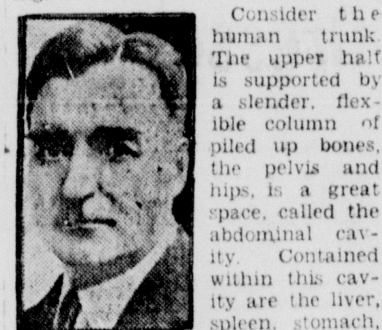

Former Governor Frank O. Lowden of Illinois as he appeared on the stand before the Senate Committee which is investigating the campaign funds of the Presidential candidates. He told of having spent about \$60,000, but said that it was all that he was going to spend.

KEEPING THE ORGANS  
IN PROPER POSITION

Dr. Royal S. Copeland, M. D., United States Senator from New York. Former Commissioner of Health, New York City.

It has been well said that "we are fearfully and wonderfully made." More and more am I impressed with the truth of this saying.

Consider the human trunk. The upper half is supported by a slender, flexible column of piled up bones, the pelvis and hips, is a great space, called the abdominal cavity. Contained within this cavity are the liver, spleen, stomach, pancreas, intestines and, in the case of women, their special organs. The kidneys are in a place of their own, but in a space which readily communicates with the abdomen.

It is remarkable that these organs, some of them bulky and heavy, are so suspended, supported and secured that they maintain their proper positions in spite of the jolts and knocks, and all the circumstances of life. Gravity, accident and dis-ease pass harmlessly over these structures. The average person goes through life unconscious of the abdominal organs.

Not every individual is so fortunate. There may be less of support

and a tumbling down of these vital organs. In an occasional case they may be crowded into the bottom of the abdominal cavity and even into the hollow of the pelvis.

When such a thing happens there are many disagreeable and sometimes serious symptoms. Function is disturbed and life itself may be threatened by this calamity.

The name "enteroptosis" has been given this condition. It is a well selected one. "Ptosis" is a Greek word, meaning falling or prolapse and "enteron" is another word from the same language, meaning intestine. Enteroptosis, then, describes exactly what takes place. The abdominal organs fall from their normal position and, in an extreme case, drop into the most dependent part of the abdomen.

There may be few signs, but the group of symptoms described as "dyspepsia" is the usual result. The associated constipation is a thing which may be the cause or result. There may be such accumulation of waste material in the bowel as to make a heavy, dragging mass, capable of pulling the intestine from its normal position.

Of course this is but one of many factors. Perhaps the chief one is the too common neglect of the individual to control properly the abdominal muscles. Watch your own habits—when you stand, do you hold in your abdomen or do you let it pouch outward? "Pot belly" is likely to be a fault which may result in enteroptosis. Unless the abdominal wall is kept in place, limiting the cavity and affording support to the organs, there is a likelihood of trouble.

In short, enteroptosis is another one of the many human ills which can be prevented by proper living and proper physical conduct.

## Curtain Days at Spring-Holzwarth's

HAVE ALWAYS PLEASED THE HOUSE-WIVES OF THIS COMMUNITY

We wish that every woman in Salem and this community could see this great collection of Lace Curtains — many of them assembled for this event. Dainty figures and new treatments make this showing of interest to every home maker. We want you to see this display on our second floor. Finish up house cleaning by putting up new curtains. Some of these numbers will be closed out entirely very quickly, so plan to make your selection early.

DOZENS OF PATTERNS FOR YOUR SELECTION!

## ALL NET CURTAINS

Values to \$2.50 Pair

\$2.00 Pair

Filet and shadow weave, 2 1/4 yds. long, with either plain or scalloped fringe bottoms or plain hem with edging. These will not last long.

## ALL NET CURTAINS

Values to \$3.50 Pair

\$3.00 Pair

Fine woven filet and shadow weaves, in nice floral designs or plainer patterns. 2 1/4 yds. long.

## ALL NET CURTAINS

Values to \$4.50 Pair

\$4.00 Pair

Artistic floral patterns in filet or shadow weave. A very fine number of curtains.

## RUFFLE CURTAIN SPECIAL

Wide ruffled, soft weave, beige color.

\$1.75  
PAIR

## RUFFLE CURTAIN SPECIAL

French Marquisette, regular \$2.98 Pair.

## GOLD NET CURTAINS

are very popular now, and if you would like something "different" than the rest, just try "gold curtains," either straight bottom with fringe or scalloped bottom. Are beautiful in either filet or shadow weaves.

\$5.00 and \$6.95 Pair

## WIDE CURTAINS

which can be used one to a window and 2 1/2 yards long.

\$8.00 Pair

Very soft weave, in the latest patterns. If used one to a window, this makes a beautiful window for only \$4.00.

## SCIENCE HOPES TO FIND WAY TO CHECK LEPROSY

May Isolate Bacteria In  
Test Growth to Find  
Certain Cure

San Francisco, May 17.—The dread specter of leprosy, which has been banished from the lives of the people, is being investigated by the University of California Medical school prove true.

Returning from 14 months' stay in Honolulu where he carried on investigations of the cause of leprosy, Dr. Walker stated that his research indicated the disease may not be contagious and that it may not be necessary to isolate victims if further work substantiates his theories. "Scientists have suspected for some time that bacteria called 'actinomyces' might be involved in leprosy," Dr. Walker stated today, "but it has been difficult to obtain laboratory evidence of the theory."

**Cannot Use Animals**  
"This is because the bacteria appear in a different form when cultured in a laboratory. And it is impossible to produce exactly the same environment as is found in living human tissue."

"It is impossible to use animals for experimentation for only man is susceptible to the disease."

Dr. Walker examined hundreds of lepers at Kilauea hospital, Honolulu, a receiving station for those destined for incarceration at Molokai leper colony.

In these examinations I found that the bacteria 'actinomyces' always appeared in leprosy tissue. The bacteria is classified as a plant fungus and is a soil-growing organism like that causing tetanus or lockjaw. Working on this assumption I discovered that the bacteria is present in the soil practically everywhere in Hawaii.

**In Barefoot Nations**  
"What more natural to assume then, since leprosy quite frequently appears around the feet or legs, that it might easily be picked up in cuts or wounds. It is well known that leprosy is most prevalent in countries where natives run barefoot. The disease, though entering the feet, may not first break out there. It may enter the body, spread through the glands and break out simultaneously in several places after a lengthy incubation period."

"It must be emphasized, however, that all this is tentative, and must wait further corroboration." The districts in which leprosy is most common are well known. In East Belgian Congo 200 out of 1,000 persons have it. On the Ivory Coast of Africa 90 out of 1,000 have it. By investigating in these places with the soil origin of infection in mind, by adoption of shoes and full disinfection of wounds, positive evidence of the truth of his findings may be obtained, Dr. Walker said.

### WASHINGTONVILLE

The Women's Home Missionary society and Busy Bees of the Methodist church will be entertained on Friday evening in the home of Mrs. Samuel Atkinson.

Mr. and Mrs. J. S. Davis entertained in their home on Sunday in honor of the birthday anniversary of their son Charles, son-in-law Morris Reese, and the fifty-fourth wedding anniversary of Mrs. Davis' parents Mr. and Mrs. David Weikart. Those present were Mr. and Mrs. Morris Reese and family, Miss Verena Boston, this place, Mr. and Mrs. Clifford Davis and daughter Vera, of Sharon, Pa., and Miss Hazel Calvin of Greenford.

Mr. and Mrs. Ray Broadbent and James Broadbent and Mrs. Edith Tetlow and daughter Mildred, of Akron; Mr. and Mrs. Henry Richards daughter Florence and son Melvin, of Washington, Pa., spent Sunday in the home of Mrs. Sarah Kirtley. Mrs. Kirtley's condition is not much improved.

Mr. and Mrs. Damon Vaughn of East Liverpool, Mr. and Mrs. Elmer Johnson and daughter Hazel, of Leetonia, and Mr. and Mrs. Joseph Andrew of Salem were visitors during the week end in the home of Mr. and Mrs. George Vaughn.

Mr. and Mrs. Carl Weikart and son Gilbert spent Sunday in the home of Mr. and Mrs. Harry Wenrick at Canton.

Mr. and Mrs. Clarence Baker and son Robert of Massillon, spent Sunday in the home of Mr. and Mrs. Harvey Baker.

day in the home of Mr. and Mrs. Harvey Baker.

Brady Archer has returned to his home from Sebring, Fla.

Mr. and Mrs. Thomas Marshall spent Sunday in the home of Mr. and Mrs. Wm. Anderson at Eureka. Misses Ruth Smedley and Mary Walsh of Youngstown were Sunday visitors in the home of Mr. and Mrs. Herbert Smedley.

Charles Tetlow of Akron visited his mother, Mrs. Elizabeth Tetlow on Sunday.

Mr. and Mrs. T. A. Hutchinson, of Youngstown, and Misses Eliza Wilkinson and Mildred Hollett, of Salem, were Sunday visitors in the home of H. J. Woods and family.

King and daughters Doris and Charlotte, of Salem; Mr. and Mrs. A. L. Taylor, of Greenford, and A. E. Avery and friend of Youngstown.

Mr. and Mrs. F. L. Stouffer have returned from a visit at Columbus, Ind. D. M. Stouffer and wife returned with them.

Mrs. Harvey Baker attended the funeral of J. E. McNeelan at Salem on Monday.

Bethesda, O. — A large healthy rooster can put away 1,045 grains of corn in one hour, if you must know.

Bethesda people wanted to know so a novel contest was staged. A rooster was turned loose in a cage in a store window with a known amount of corn and for an hour he kept industriously at it. A count of 1,045 grains had been eaten.

### Daily Fashion Hint

SUPERBLY FASHIONED  
DRESSES

Among the models that triumphed at the Paris openings are these two frocks, one in black velvet combined with flesh-colored crepe satin, and the other in plain jersey. The first design is especially interesting because the overskirt may be trimmed with a series of small ruffles, extending around the sides and back, converting it into a formal mode. Medium size requires 3 1/2 yards, 30-inch dark, and 1 1/2 yards light material.

Women who give preference to youthful effects will give hearty approval to the plain frock, which butters straight down the front, the gathered skirt and simple bodice being joined under a wide ribbon sash. Medium size requires 2 1/2 yards 54-inch material.

Model, Potential Review No. 413. Sizes 14 to 16. Price, \$4 to \$4.25. Bust, 30 inches; waist, 24 inches; length, 54 inches. Model, Potential Review No. 414. Sizes 14 to 16. Price, \$4 to \$4.25. Bust, 30 inches; waist, 24 inches; length, 54 inches.

## ACHING, SWOLLEN FEET

No sensible person will continue to suffer from those intense agonizing throbbing foot pains when every well stocked drug store has Moene's Emerald Oil and sells it with an absolute guarantee of satisfaction or money back.

Your feet may be so swollen and inflamed that you think you can't go another step. Your shoes may feel as if they are cutting right into the flesh. You feel sick all over with the pain and torture—You'd give anything to get relief, wouldn't you? Then try this:

Two or three applications of Moene's Emerald Oil and in 15 minutes the pain and soreness disappears. A few more applications at regular intervals and the swelling reduces.

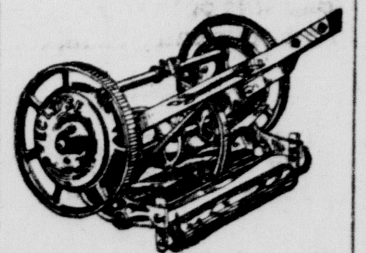

And best of all any offensive odor is gone for good—It's a wonderful formula—this combination of essential oils with camphor and other antiseptics so marvelous that thousands of bottles are sold annually for reducing varicose or swollen veins.

Lease Drug Co., Floding Drug store and Boiger & French and every good drugstore guarantees Moene's Emerald Oil to end your foot troubles or money back.

## Flappers of Today Not So Hardy as Grandmas

Inset shows Mrs. Maria Storts Allen, 86, only surviving real daughter of the American Revolution, who declares that the flapper of today, personified by Mary Astor, spend more money but are not as hardy as flappers were in the olden times.

## TITLE FIGHT IS POSTPONED

New York, May 17.—The fight between Jimmy McLarnin, challenger, and Sammy Mandell, champion for the lightweight boxing title, was postponed this afternoon until tomorrow night by Tex Rickard, promoter, when he learned that show-ers are forecast for tonight.

### TAX-REDUCTION

(Continued from Page 1)  
moved opposition to the May 26 adjournment date, as the president was said to favor the bill in its present form.

The Muscle Shoals and Boulder dam bills, both of which were on the administration's legislative program, were in the back-log. The Muscle Shoals measure was in conference, with indications it would be reported back and finally enacted later in the week or early next week. It likewise was said to meet with presidential approval.

**Sidetracks Boulder Dam**  
The Boulder dam bill was pending in both house and senate, with its chances for enactment at this session doubtful. Senator Johnson (A) of California, was leading a stubborn though apparently forlorn fight to have it enacted in the senate while Rep. Swann (R) of California was conducting a similar battle in the house. Reports indicated it might pass the house next week but a filibuster fully capable of defeating it, is in waiting in the senate.

The adjournment of congress May 26 undoubtedly will find the tax reduction bill a law alone with the flood control bill, the farm relief bill vetoed and pigeon-holed in house and senate committees, the merchant marine bill a law, Muscle Shoals operated as a power project and the Boulder dam bill sidetracked until the next session.

These were the prospects today with but nine legislative days remaining before the scheduled adjournment.

### JUNIOR HIGH

(Continued from Page 1)  
beats are finally restored. The people of Herzmund, happy once more, promise hereafter to "seek only the true gold."

**Members of the Cast:**  
Prince of Herzmund, Billy Gibson; Burgomaster of Herzmund, Dan Holloway; a cobbler, Lorin Buttin; butcher, Jack Carpenter; the baker, Lionel Smith; a candle stick maker, John French; his wife, Mary Sullivan; Rosa, the burgomaster's daughter, Sara Spiker; Greta, the grocer girl, Helen Palmer; her lover, Rudy, Ralph Everstine; peasant women and children, Irene Hack, Alice Jones, Estel, Clarke, Alfred Paxson, Louise Grove, and Ray Ritchie.

Karl, Richard Keller; Hilda, Constance Tice; five boys, Raymond Mott, Homer Silver, Thomas Rill, Louis Snipes, Donald Althouse, Five girls, Georgiana Buta, Harriet Izenour, Ada McKenzie, Vera Kelly, and Susan Groves. Elves, Homer Detwiler, Andrew Ulrick, Ramon Whinnery, Duane Dilworth, Christian Roth, Donald Nyktas, Richard Chamberlain, Elk king, Jack Ballantine.

Solo dancers, Doris King, Alleen Underwood, Louis Quinn.  
Tickets for the play are still on sale by members of the cast and students.

### THREE SUSPECTS

(Continued from Page 1)  
nervous, taking almost a half an hour to put on his collar and tie.

When put through a preliminary questioning he denied any part in the abduction but did admit that he had been riding through Mill Creek park.

The second suspect arrested is a man who was indicted several years ago on a charge of felonious assault. The charge was later changed to assault and battery and the man was fined \$200 and sentenced to six months in the county jail.

Police records show that 15 girls, ranging from the age of seven to 11 had identified the man at that time as the one who had molested them. He was arrested in the downtown district.

The third suspect arrested was driving a car which tallies closely with the description of the machine in which the girl is believed to have been lured away.

An article found in this car, the nature of which police kept carefully secret, was apparently held by them to be a valuable clue. No information as to what the clue was, was voiced, Metcalf saying he could not "talk about it now."

### OHIO

(Continued from Page 1)  
tentation was endangered by the fear of members of agricultural states that they will steadily diminish in power as the growth of cities entitles them to new congressmen.

The gains in members of congress under the Fenn bill as estimated by the census bureau are:

Arizona, 1; California, 6; Connecticut, 1; Florida, 1; Michigan, 4; New Jersey, 2; North Carolina, 1; Ohio, 3; Oklahoma, 1; Texas, 2; Washington, 1.

Probable losses are: Alabama, 1; Indiana, 2; Iowa, 2; Kansas, 1; Kentucky, 2; Louisiana, 1; Maine, 1; Massachusetts, 1; Mississippi, 2; Missouri, 3; Nebraska, 1; New York, 1; North Dakota, 1; Pennsylvania, 1; Tennessee, 1; Vermont, 1; Virginia, 1.

House leaders are opposing its enlargement, declaring that a body of more than 435 members cannot function properly.

### Today's Fashion

By Vera Winston

Street Dress of Black Crepe Satin.

**CREPE** satin, employing alternating sides, describes this smart street dress. A black satin model flares between the shoulders of two dull-sided Tuxedo revers which run down to the hemline. An inserted skirt-yoke and crushed belt mould the hips snugly. Inserted between the blouse revers, a cream-colored satin vest and inserted jabot lend softness.

Light satin is repeated in a small cluster of flowers at the left shoulder.

### Trio Arrested For Aiding Rebels

New York, May 17.—Ben Gno Del Rio, 52, and Manuel Mendez, 36, both of Brooklyn, and John M. Bern, 29, of Hoboken, N. J., who were arrested last night by department of justice agents on charges of violating the United States neutrality laws, were to be arraigned today in federal court Brooklyn.

The men are alleged to have been engaged in supplying rebels in Nicaragua with ammunition. Police said they found 5,200 rounds of .38 calibre revolver ammunition at a Brooklyn haberdashery store operated by Del Rio and Mendez.

### Horace Dodge and Miss Sisman Wed

London, May 17.—A romance which began in Detroit, Mich., united two rich American families today when Miss Muriel Sisman was married at the Bayswater Presbyterian church to Horace Dodge, son of one of the founders of Dodge Brothers, Detroit automobile manufacturers. The ceremony took place at 2:30 p. m. in the presence of about 200 friends and relatives.

### Andrews Wounded

Peking, May 17.—Roy Chapman Andrews, American explorer, who is heading an expedition in Mongolia, is recovering from a gunshot wound accidentally inflicted upon the left leg.

### Judge Allen Seeks Her Second Term

Columbus, O., May 17.—Formal announcement was made here today by Judge Florence E. Allen, Cleveland, of her candidacy for reelection as a member of the Ohio supreme court.

She stated that it is upon her record as a state supreme judge that he is asking for the support of her friends for election to a second term.

### Brennan May Come Out For Auditorship

Columbus, O., Reports prevailed here today in political circles that former State Treasurer John P. Brennan, now state purchasing agent, will soon announce his candidacy for the Democratic nomination for state auditor and that Harry A. Catch, Cohecton, master of the Ohio grange, will become a candidate for the Democratic nomination for state treasurer.

### Farmer Is Killed As Auto Overturns

Canton, May 17.—Harvey Lehman, 34, farmer, who lived near Dalton was instantly killed between Dalton and Wooster late last night when the auto in which he was riding, upset. A wife and seven children survive.

### Threaten Natives

Puerto Cabezas, Nicaragua, May 17.—Natives in the Pis Pis river district where United States marines are looking for mine raiders, told the United States forces that the rebels and guerrillas had threatened them with death if they gave aid to the Americans.

### HOSPITAL

(Continued from Page 1)  
toes are used in one year as well as 7,000 loaves of bread, 3,000 pounds of butter, 2,340 dozens of eggs, 10,000 pounds of meat, 1,500 pounds of sugar, 10,000 quarts of milk and 1,830 quarts of cream.

It is hard to imagine the cost, and responsibility of paying grocery bills for a family of 70. When making contributions it would be well to remember that the items listed here are in only one division of the expense. Others are heat, light, repairs, surgical, medical and household supplies.

Salem is fortunate to have a hospital with such a fine building, beautiful grounds, inviting rooms, spotless kitchen, splendid refrigeration, up-to-date x-ray equipment and well-furnished surgery, all under the management of a competent superintendent directing a corps of willing nurses and other assistants.

## SOCIETY

**Glass-Gaunt**  
Miss Mary Louise Glass, daughter of Mr. and Mrs. W. L. Glass, Tenth St., and New Gaunt, son of Mr. and Mrs. Fernan Gaunt, South Howard St., were united in marriage at noon Wednesday by Rev. C. F. Evans at his home, East Seventh St. The ring service was used. The young people were unattended.

The bride was very attractive, gowned in a creation of pink georgette and wore a hat to match. Her corsage bouquet was of pink roses and sweet peas.

Honoring the young people, the bride's parents entertained the immediate families at a four-course dinner Wednesday evening. The table was prettily decorated in pink and white tones. A wedding cake was the center piece and pink candles were used. The place cards were designs of a little "bride and groom."

Mr. and Mrs. Gaunt are graduates of the Salem High school and have many friends here. Mr. Gaunt is employed at his father's garage. The young people are at home to their friends at 28 Lincoln ave.

### Marriage Licenses

A marriage license has been issued to John R. Carlyle of Alliquippa, Pa., a mill worker, and Miss Kathryn Ann Reisinger of Columbiana, a stenographer, daughter of Mr. and Mrs. Frank Reisinger. They were married at Lisbon by Justice of the Peace M. K. Zimmerman.

Nerr Gaunt of Salem, a mechanic and Miss Mary Louise Glass, daughter of Mr. and Mrs. William Glass, also of Salem, have procured a marriage license. They were married here by Rev. J. F. Evans.

**Double Four Club**  
Two tables were in play at "500" when Mrs. Harry Gardner entertained her associates of the Double Four club Wednesday afternoon at her home, West Green St. Prizes in the games went to Mrs. Walter Egan and Mrs. Harry Roup. A lunch was served by the hostess.

Miss Florence Murray was an invited guest.  
A meeting in two weeks will be with Mrs. Roup, Arch st.

**Leisure Entertain**  
A group of Salem people who are club associates had a dinner Tuesday evening at the Willard house, Homeworth.

Later they went to Canton and attended the theater. The party was given by the hosts in a series of bridge games to the winners. The next meeting probably will be in two weeks.

**Cantfield Road Club**  
Associates of the Cantfield Road club enjoyed an informal social time Wednesday afternoon when they met with Mrs. Lawrence Daugherty of New Albany. The hostess served a lunch.

The members will meet again on June 20.

**Eastern Star**  
Salem chapter No. 334, Order of the Eastern Star, will have a special meeting for initiation Friday evening at the Masonic temple.

There will be a casserole supper at 6:30 o'clock and each member is asked to bring a covered dish, sandwiches and table service.

**Three Links Club**  
The Three Links Social club will hold a Guest Night dance Monday evening at 1. O. O. F. hall, Broadway. The Venetian orchestra will play.

Mrs. D. D. Palmer of Warren is spending Thursday with Miss Clara Finney, East Sixth st.

Calvin Conway, 256 East High st. fell Wednesday evening and fractured his arm.

QUESTION—"What is the difference between a reciprocating pump and a rotary pump?"  
ANSWER—"A reciprocating pump is one that moves in two directions, such as up and down. For every down stroke there must be an upward stroke. To accomplish this there must be connecting rods and bearings which are noisy when new and make still greater vibration and racket as they become worn."  
"A rotary pump is like an electric fan, moving only in one direction, and has no connecting rods or bearings to necessitate oil or to get out of order."

### ADDITIONAL LOSSES

New York, May 17.—Additional losses of 2 to 6 points were sustained by specialties, while the body of stocks were irregular at the opening today. Wright Aero slumped 6 1/2 points, opening at 213 and the first sale of Curtiss Aero was unchanged at 150. Motors were easier, with the exception of Nash, which recovered 2 1/2 at 83 1/2. Radio Corporation advanced 1/2 to 197, while General Electric declined 2 to 162 1/2. Consolidated Gas dropped 1 1/2 to 160. American Tel. & Tel. was up 1/2 at 197 1/2, while U. S. Steel was down 1/2 at 145 1/2.

Considering the severity and the suddenness of Wednesday's break in prices of the market specialties, industrial stocks gave a good account of themselves in the early trading today. Instead of further sweeping declines in the market specialties, prices were bid upward by the professionals in the recognition of the strong position of marginal accounts and the small volume of stocks pressed for sale from the outside.

Wright Aero declined 6 1/2 points to 213 1/2, at the opening, but the stock climbed promptly to 220. Curtiss Aero recovered about 5 points to sell above 155. Nash was a strong spot in the motor shares, advancing nearly 3 points to 93 1/2. General Motors sold in volume at 127 1/2, down a point from the previous close, and United States Steel was unchanged at 145. Moderate losses were sustained by the well-known steel, motor and oil stocks.

Trading of the Philadelphia Reserve bank rediscount rate of 4 1/2 per cent after the close of yesterday's market revived discussion of the probability of similar action being taken by the New York director today, but money market factors as usual failed to receive very much recognition in the specialty market and investors and funds flowed in good volume. New bond offerings in the amount of \$20,000,000 were easily absorbed in the outside market.

The railroad stocks were inactive but firm, with narrow price changes in the high grade issues. In recognition of the valuable rights to subscribe for new stock at \$100, American Tel. and Tel. stock advanced to 200 for the first time in the history of the company, an overnight gain of 4 points. American International was also strong in the second period, with a new 9-point rise to 115. Call money was unchanged at 5 1/2 per cent.

### CHICAGO LIVESTOCK

Chicago, May 17.—Hogs—Receipts 22,000; market 10-15c higher; top \$9.90; bulk \$9.25 to \$9.35; heavy weight \$9.25 to \$9.75; medium weight \$9.25 to \$9.50; light weights \$8.40 to \$8.85; light lights \$7.25 to \$8.50; packing sows \$8.45 to \$9.10; pigs \$6.75 to \$8.50.

## MINERS AWAIT LEADER'S ORDER TO START WORK

### Could End Strike In The Hocking Valley Field If He Desired

### UNION IS RAPPED BY ATHENS MAYOR

### Says United Mine Workers Haven't Kept Miners During Strike

St. Clairsville, O., May 17.—Oral Daugherty, militant young leader of the Hocking Valley coal field, who was recently fired from the United Mine Workers, could end the coal strike in this section, by calling a mass meeting and telling the miners to go back to work.

This was the general belief today among authorities, miners and coal operators here.

Yesterday Daugherty was scheduled to speak at a mass meeting near here but he failed to show up. When a telegram was sent to him asking whether he intended to speak in the near future in Eastern Ohio in regards to the coal strike situation, he replied by telegram: "Would be glad to attend meeting in Eastern Ohio in near future providing meeting called by United Mine Workers and I received a written invitation by the committee calling the meeting. Would gladly explain my position and policy of our organization."

And while reports circulated that Daugherty could end the strike a confidant of Daugherty said Daugherty was "backing water" and siding with the United Mine Workers which "ousted" him from their organization was broadcasted following receipt of the telegram.

### Miners Disappointed

Ninety five per cent of the miners in this section were disappointed when Daugherty failed to show up yesterday, Col. Don Caldwell of the Ohio National Guard said.

Officials of the Lorain Coal & Coke Co. said that their men were ready to return to work tomorrow if Daugherty told them to do so.

The local chapter of the Lansing union was suspended yesterday by union officials. They charged sympathy on the part of the local with the "save the union group." This it is said was the direct result of a mass meeting which many miners and non-union miners at the Virginia Hill mine at Lafferty, near here, picked up 147 nails from the road bordering the mine and brought them into the county prosecutor's office.

At Slushing, about four miles from Lafferty 650 feet of trolley wire was cut and stolen, reports to the sheriff said.

The mine at Slushing, it was said, will begin operation this summer. The Virginia Hill mine is already under operation.

### End of Strike Near

Cambridge, O., May 17.—"The end of the Ohio coal strike." This was the optimistic outlook of the coal operators in this vicinity today following the dispatching of a train load of workers to Caldwell yesterday to open up the mines in that locality.

With the opening of mines in Noble county, coal operators will follow suit in Guernsey county, they said. The result of this, the operators said, will be that this Muskingum Valley Coal district, one of the richest in Ohio, will soon be operating on normal basis, producing the six million tons of coal per year that was formerly produced in this sub-district.

The Muskingum Valley Coal field, or the Cambridge sub-district, comprises Washington, Guernsey, Noble, Coshocton, Muskingum and Morgan counties and the low coal field of Perry county.

In view of the recent freight reduction of lake shipments of coal this field, operators say, can successfully compete with the West Virginia and Pennsylvania coal fields.

The Akron Coal company, the Cambridge Collieries company, the Morris Coal company and the Federal Coal companies are the four largest coal companies in this field. The Cambridge Collieries company's mines are protected by federal injunction. The Morris and Forsythe companies' mines are protected by injunctions issued by the county courts.

### Reports Called "Bunk"

Columbus, O., May 17.—United Mine Workers officials here this morning branded the reports that the mine strike was practically ended in the St. Clairsville and Muskingum Valley fields as "all bunk." The union officials said that the miners were solidly behind the union in both of the above fields. G. W. Savage, union secretary, refused to comment on the stand taken by Oral Daugherty, deposed Athens subdistrict leader in the St. Clairsville situation.

Statement: Hite Union Athens, O., May 17.—"We do not intend to keep still while the policy of the International Miners' union is ruining the miners, operators and business interests of the Hocking Valley, especially since we know from actual investigation, that the majority of the miners in this field are ready to go back to work at a reasonable wage scale while an economic wage agreement is being reached," declared Mayor Alex M. Moore today.

Moore is president of the Hocking-Athens-Perry County Civic association. His statements constituted a warm response, on behalf of the association to the recent attack by union miners' officials, at a mass meeting here, upon Hocking Valley business men for offering to help the miners who wished to return to work.

"We are the business men in this valley are the people who have furnished the miners with relief and made the present 14-months' strike possible," continued Moore.

"The relief the men secured from their union officials has not kept the men, women and children here in this valley alive. We believe that the charge of Oral Daugherty, removed by the miners' union as leader of Hocking Valley miners, that the rank and file of the union cannot express their real sentiments is true," Moore said.

help the miners who wished to return to work.

"We are the business men in this valley are the people who have furnished the miners with relief and made the present 14-months' strike possible," continued Moore.

"The relief the men secured from their union officials has not kept the men, women and children here in this valley alive. We believe that the charge of Oral Daugherty, removed by the miners' union as leader of Hocking Valley miners, that the rank and file of the union cannot express their real sentiments is true," Moore said.

"We will support the miners who want to go back to work. The miners know who their real friends are," Moore said.

## Chicken Canning Demonstration For County Farm Women

A chicken canning demonstration by what is called the bloodless operation will be given by Miss Ina S. Lindman of Muskegon, Ind., at a meeting of farm women interested in nutrition to be held in the City Hall at Litchfield May 22.

Miss Anna Garvin of Ohio State university will discuss "Food Facts and Fallacies." Miss Garvin is the field specialist in charge of the project which has been carried by nearly 1,000 farm women in the county during the past winter. The meeting is known as the achievement meeting which is held at the completion of the project.

In addition to the demonstration and address, reports of the work in the various townships will be given by the township leaders. The programs will also include readings and plays pertaining to the nutrition work. County Agent Floyd Lower will summarize the work done in the project.

## Dancing Dangerous Declares Physician

Paris May 17.—Dancing is a dangerous sport, according to a well-known French doctor who condemns modern steps such as the Charleston and Black Bottom.

Writing in the "Comcedia" he says that the knee is especially liable to serious injury because the new dances call for movements for which it was never fitted. It is a one-way joint, rather like a hinge in the center of the lever formed by the upper and lower leg, and is only adapted to allow the leg to be bent backward from the center. In attempting to bend it sideways there is a serious risk of dislocation.

Even ordinary dancing imposes a strain upon the knee and ankle joints, according to the French doctor, and any increase of this strain results in painful consequences. Five thousand cases of sprained or dislocated knees have come under his notice recently, all of them due to the modern dance craze.

## Kenton Police Head Reinstated Today

Kenton, O., May 17.—Oliver D. Sheldon was this morning reinstated as chief of police of this city by Mayor W. J. Ochs, upon order of the city civil service commission which late yesterday dismissed the charges of neglect of duty and gross immorality preferred against Sheldon by former Patrolman P. J. Vanzetta.

The commission sat yesterday and dismissed the case on motion by defense counsel on grounds of insufficient evidence.

Sheldon has been on the police force here since 1900 and has been chief of police since 1920.

## Youngstown Realty Company Accused

Columbus, May 17.—Accusations of improper "free lot" transactions, officials of the Reliance Realty company, Youngstown, it was announced today, were cited to appear before members of the state board of real estate examiners at Cleveland on May 28.

After the company applied for a state license to operate as a real estate concern, it was stated, complaints were lodged with the board against the company.

## Father of Seven Is Dead of Injuries

Wooster, May 17.—Seven children were fatherless today, following the death here last night of Harvey Lehman, 34, a resident of Kidron, near here. Lehman succumbed to a fractured skull, sustained when the automobile he was driving crashed into a milk truck here.

Lehman was driving past his brother's home at the time and had turned to wave to his brother when the collision occurred. Funeral arrangements for Lehman are in progress.

## Akron Man Pleads Guilty To Charge

Akron, May 17.—Joseph Scapolletti, 35, today faced a sentence of from 10 to 20 years in the Ohio State penitentiary for the slaying of Leslie Cuffel, 26, a rubber worker, a year ago.

Scapolletti was sentenced late yesterday by Common Pleas Judge L. S. Pardee after the defendant pleaded guilty to a manslaughter charge.

## Shots Fired at Car Of Strikebreakers

Kenosha, Wis., May 17.—Extra guards were ordered out today as a result of Kenosha's hosiery mill strike reaching the shooting stage last night.

More than a dozen shots were exchanged when 25 strikers attacked an automobile in which nine strikebreakers were being driven home from the Allen A. Hosiery plant. Police arrested 20 men and four women, bringing the total arrests to 50 within three days.

## TODAY'S WANTS

## MISSIONARIES MAKE NO CLAIM FOR ARMED AID

### International Council Is Opposed to Protection In Foreign Lands

Jerusalem, May 17.—Armed protection of missionaries and mission property in foreign fields was discouraged in a resolution passed by the International Missionary council which just closed a two-week session on the Mount of Olives.

Missionary societies were urged to make no claims on their governments for such protection. It was stated as the conviction of the council that the protection of missionaries should only be by such methods as would promote good will in personal and political relations.

**Missionaries Accused**  
"Missionaries are too often accused of being the advance agents of imperialistic governments or big capital," declared Bishop Francis J. McConnell, of Pittsburgh, in summing up the results of the conference with particular reference to the resolution. "We do not want to be cats-paws. Two murdered German missionaries gave the former Kaiser an opportunity to grab a piece of Chinese territory."

Early in the conference Bishop McConnell started the delegates of the fifty-one nations present by declaring:

"I come from a nation which in many respects is pagan. We subscribe to the doctrine of militarism and to the good of nationalism, giving ourselves over to the pursuit of wealth. This meeting should become a challenge to Paganism wherever we meet it."

As chairman of the committee on Christianity and industrial relations Bishop McConnell's report, which was adopted almost unanimously, was another call to arms.

**Churches For Profit**  
"We acknowledge with shame and regret," the report read, "that the churches everywhere are dominated almost entirely by profit."

"This has been one of the most courageous meetings I have known in all my forty years' experience," declared Dr. John R. Moot of New York, who acted as chairman of the council. "The delegates showed discernment without losing touch with realities. I believe the meeting will have far reaching effects."

Other Americans who attended the council, in addition to Bishop McConnell and Dr. Moot, were Professor L. A. Wiggle of Yale university, W. E. Hoeking of Harvard, Robert Spear, the Rev. Ralph Diefendorfer and K. L. Butterfield, president of Michigan State college.

## COURT NEWS

### Motion Overruled

The motion recently argued before Judge W. F. Lones in the case of R. P. Garrett to quash the indictment returned by the April grand jury and also to suppress the evidence has been overruled. Garrett was indicted for the possession of liquor, his third offense.

Foulks & Stevenson of East Liverpool, representing Garrett, held that the defendant did not own the liquor at issue in this case and that in former trials before a justice of the peace the lower court had no jurisdiction. Judge Lones in his opinion holds that the defendant Garrett did not question the jurisdiction of the trial court at the time he was taken into court.

The state in this case is represented by Prosecuting Atty. Robert M. Brookes and his assistant, John E. Bauknecht. After oral argument before the court recently, briefs were then filed with the court, and after a review of these the opinion was handed down.

### Settle Damage Cases

Three actions, wherein \$50,000 damage was sought as the result of an automobile accident, settlement has been made for \$850, according to entries just made a matter of record in common pleas No. 1.

Charles M. Taylor, a minor through his next friend sued Blanche Bower for \$15,000 damages. This case was settled for \$300, and both parties waived a motion for a new trial and the release of all errors. Clerk of Courts Frank Ballentine has been ordered by the court to hold the amount deposited as security for costs until further order.

In the case of William E. Taylor against the same defendant, wherein \$15,000 damage was asked, there was a settlement for \$500, and in the action filed by Wilbur Lee Charlton against the same defendant when \$20,000 was asked, there was a settlement for \$50. To each settlement costs are carried as a part of the adjustment. The three damage suits were made a matter of record Jan. 6, last.

### Real Estate Transfers

The following real estate transfers have been recorded:

Mary C. Wright to Howard I. Hughes, three acres, section 13, Center township, \$4,250.

## EUROPE ADOPTS QUOTA SYSTEM FOR INDUSTRIES

### France Using American Methods to Protect Her from U. S.

Paris, May 17.—The United States invented the quota system as a means of protecting labor from an overflow of immigration. France is now using the same system to shield her industry and commerce from American enterprise.

American oil and motion pictures are now on a quota basis by virtue of legislation enacted during the last two months. During May powerful automobile interest of France supported by Italian makers, will attempt to form a combine that would obtain favorable customs protection and force American motor companies to submit to a quota for cars manufactured in the United States.

**Quota For Petroleum**  
Quotas for petroleum and films scarcely curtailed business in the respective commodities.

But the manoeuvre against American automobiles will be fought as an audacious attempt to hinder legitimate business.

In both Italy and France American cars pay about 70 per cent duty.

Italian makers who export 70 per cent of their cars are chiefly interested, it is understood, in promoting a combine that would block America in Scandinavia and the Balkans so that they could compete more successfully in these fields.

**Production Slow**  
American automobile concerns sent 133,384 cars to Europe last year. The exports this year is expected to be greater while foreign makers view with alarm the price slashing on cheap models in America together with the attempts there of manufacturers to give the motorist more for his money.

European production is slow, according to figures of the International Bureau of Automobile Manufacturers. Last year 225 European factories turned out 225,000 cars while 43 factories in the United States produced 3,066,000.

### GREENFORD

Mr. Martin of Poland was given a sum of money and all material for razing the old school house.

Thirteen eighth grade pupils graduated last Friday night. They put on a stunt of a peanut, popcorn and lemonade stand on the circus grounds on circus day. Bertha Calvin was the honor pupil.

Mr. and Mrs. A. C. Beers and sons left last Friday afternoon for Mineral City, Mrs. Beers having received word her mother, Mrs. Maggie Flickinger, was ill.

The sophomores of the High school surprised Helen Hendricks at the home of her parents, Mr. and

Mrs. R. J. Hendricks of Gettysburg last Tuesday evening, the occasion being her eighteenth birthday. All came with well filled baskets and a good time was enjoyed.

Rev. Johnston of Wittenberg college delivered an address in the Lutheran church Sunday.

Rev. Foster Kress of Wittenberg will deliver the address on Sunday, May 27, after which a congregational meeting will be held.

Miss Mary Schaefer spent last week in New Springfield with her aunt Mrs. Paul Lipp and family.

M. and Mrs. C. E. Cook of Youngstown were visitors in the home of her sister, Mrs. J. H. Weikart and husband Sunday. Their son LeJand of Lansing, Mich., was recently tendered a position as instructor of a musical school in Chicago where they have moved and taken the position.

Mrs. Jesse Clay returned home Saturday Apollon, Pa., where she spent the past week with her brother, Earl Weikart, and father, M. D. Weikart, who spent the past winter there.

Mrs. Nora Crist of Alliance and Warren Rhodes and family of Salem spent Sunday with their mother, Mrs. Mary Rhodes.

E. J. Naylor of Canfield spent Sunday with his niece, Miss Mabel Gee.

Washington—Treasury receipts on May 12, were \$5,230,421.56; expenditures, \$18,619,779.68; balance, \$133,150,078.67.

## Ohio State Runs An Engineering Problem Station

Columbus, May 17.—Ohioans who are "stumped" by engineering problems have a standing invitation to turn to the engineering experiment station. Ohio State university for help. Dean E. A. Hitchcock, of the college of engineering, is director of the station.

The station, established several years ago by the state legislature, does not promise to solve every engineering problem submitted to it, but is glad to tackle those for which it has the facilities and men.

Practical questions of all sorts are constantly being received at the station. A few will show the wide use

being made of the station, which is housed in a building of its own, but for which all the other facilities of the college are available.

An Ohio State man, now resident in California, wrote to inquire about the action of alkali on concrete.

A well known engineer, also a graduate here, asked for information on how to remove grease from a concrete floor.

Operators of power plants have asked the station how to estimate the value of coal scientifically.

A Cleveland engineer called the station's attention to the need of discovering a sewer pipe joint filler

which would not crack or disintegrate.

A wholesale dealer came to find some way to determine standards of wear and service for furniture.

The station was created to help citizens of Ohio solve their technical problems and to render a service to Ohio industry similar to that of the agricultural experiment station for agriculture, and to encourage the development of original scientific principles.

Results of valuable studies made under the auspices of the station are published by the university. These are available to the public.

## The Leland Watch Shop

## "Old Gold's smoothness was so obvious" said Miss Anne Morgan after the Blindfold cigarette test

MISS ANNE MORGAN  
Daughter of the late J. P. Morgan, resembles her distinguished father in both ability and breadth of vision.

Why you can pick them... even in the dark

In this scientific cigarette test a blindfolded smoker tries four leading brands. The only question asked is, "Which one do you like best?" Why should one cigarette win time after time? What gives OLD GOLDS their captivating charm? The answer is very simple: heart-leaf tobacco. No heavy, coarse top-leaves of the tobacco plant... no withered ground-leaves. Only the cool and fragrant heart-leaves are good enough for OLD GOLD. It's sheer quality that gives OLD GOLDS their honey-like smoothness. Do you wonder that they win... even in the dark?

"A decorator once told me that to appreciate the texture of a fabric or the glaze of a vase one's eyes should be closed. And to enjoy the fragrance of a perfume one should close one's eyes... one's other senses seem all the keener. That was the convincing thing about the blindfold test. The aroma and the flavor of one cigarette were so marked... the smoothness so obvious that I chose it instantly. It proved to be the OLD GOLD."

Anne Morgan

Made from the heart-leaves  
of the tobacco plant

Group 2.—Composed of W. A. Guterba lease, containing 101 acres and 20 wells with an average daily production of 3.5 barrels, together with all equipment necessary for the proper operation thereof.  
Group 3.—Composed of Nathan Heiber and Max Ross leases, containing 48 acres, and 15 wells with an average daily production of 13.3 barrels, together with all equipment necessary for the proper operation thereof.  
Group 4.—Composed of John Baxter and A. M. Lyon leases, containing 121 acres and 17 wells with an average daily production of 8.6 barrels, together with all equipment necessary for the proper operation thereof.  
Group 5.—Composed of Sam McCullough lease, containing 247 acres and 9 wells with an average daily production of 3.5 barrels, together with all equipment necessary for the proper operation thereof.  
Group 6.—Composed of J. W. O'Neil and J. Wire leases, containing 152 acres and 14 wells with an average daily production of 1.01 barrels, together with all equipment necessary for the proper operation thereof.  
Group 7.—Composed of J. J. Quigley lease, containing 76 acres on which there is no production.  
Also the following general equipment not a part of any of the above groups:  
One 3-ton Buffalo truck, one 2-ton Ford truck, one Ford roadster, one Chevrolet coupe, two Fordson tractors with winches, one Fordson tractor, two 55-barrel horizontal storage tanks, one 1,000-barrel storage tank, one 15-barrel truck tank, two 20-barrel water pumps with No. 20 engines attached.  
One No. 25 steam driven Star drilling machine complete with calf reel and all tools and equipment and a 30-h. p. mounted oil country boiler.  
One No. 25 gas driven Star drilling machine complete with calf reel, drilling line, sand line and all tools and equipment.  
One pipe line leading from Smith lease to Youngstown & Suburban railway company loading rack, Columbiana, Ohio, containing about 4,200 feet of 2" standard wrought iron pipe with fittings and connections.  
One pipe line from loading rack at Woodworth to Guterba, Withers, McCullough, Summers and Kurta leases, containing substantially 18,000 feet of 2" standard wrought iron pipe with fittings and connections.  
One lot of office equipment consisting chiefly of one typewriter desk, one double flat top desk, one 60-inch conference table, filing cabinets, chairs, typewriter, adding machine, check writer and other office equipment too numerous to mention.  
Terms of sale, cash. Twenty per cent on day of sale and remainder within five (5) days, at which time said property will be turned over to the purchaser.  
H. W. HAMMOND,  
Receiver of The Allied Oil Company,

## OFFER COMPSTON OR JURADO POST ON U. S. COURSE

They Won't Get \$15,000. Original Offer, But Something Good

BY DAVIS J. WALSH  
New York, May 17.—Somebody stopped being dumb along about the end of the qualifying round of the British open, it was learned on credible authority today, and decided that Joseph Jurado, like the rose that blushed unseen, was wasting his fragrance on the Argentine, even if it was garlic itself.

Anyhow, the story around the United States Golf association headquarters today was that Jose might be weaned away from the bones or the airs of Buenos Aires and installed this summer as professional at a newly organized course in the Westchester county district of New York.

The same source of information declared that Archie Compston, Britain's best and perhaps only remaining golfer, might be offered the spot in preference to Jose, the idea being that an exhibit A is needed and any gent who beats Walter Hagen by 18 up and 17 to play ought to be on a pedestal with the other museum pieces.

The organization in question is the North Castle Golf and Country club, near Mt. Kisco, and the report that either Compston or Jurado might be hired had its inception shortly after Thomas E. Donovan, guiding spirit of the outfit, announced that he had a \$15,000 contract awaiting the winner of the British open. This, it may be said, is an excellent contract, even if nobody gets it. As a matter of fact, it represents the largest bid for professional services in the history of golf.

**Hagen Will Get Offer**  
Hagen, of course, ruined the continuity by winning the British championship, it being assumed by everybody that this nonchalant young man would be somewhat irked by the suggestion that he identify himself with any given proposition, exclusively and privately, while his public is clamoring incessantly and without surcease, which obviously is the wrong thing to be without. Anyhow, Hagen is to be blushed with the \$15,000 offer as soon as he lands, according to the word passed along today. If he just cannot be annoyed, he will ask him to consider a part-time identification with the course.

If this fails of excitement, there is no one left but Jurado or Compston, as Gene Sarazen, runner up to Hagen, is unavailable owing to an existing contract with Fresh Meadows.

That Compston is headed for America is a belief that is rather widely accepted in this country. Archie having tired of English customs which insist that a professional golfer eat with the other help. He will be here for the national open at Olympia Fields next month and the understanding is that he won't be permitted to escape, even if he wants to, which he doesn't.

As for Jurado, I have it on the authority of the U. S. G. A. that he worked as pro at a club near Peekskill, N. Y., for two years and might welcome a chance to return where the big money is always mentioned, even when it isn't paid.

That \$15,000, of course, doesn't go, except to Hagen, if then. They could hire Compston and his Uncle Abner for that and still have enough left to keep Jurado in frijoles for the rest of his life.

## MRS. HURD LOSES TO MISS FOWLER

Hunstanton, Eng. May 17.—America's last hope of winning the British women's open golf title went glimmering today when Mrs. Dorothy Campbell Hurd, of Philadelphia, the only player from the United States left in the tournament was eliminated by Miss Judith Fowler of England, 3 and 2 in the sixth round.

## Making Great Stab

Dan Howley believes in going it alone. He is managing the St. Louis Browns without any aid from a captain. Howley is wise and crafty in the ways of baseball and is confident in his ability to turn out a winner for the Browns.

**PUBLIC LIBRARY**  
OPEN EVERY WEEK DAY  
FROM 9 A. M. TO 9 P. M.

## EXPECT TO LEAD TEAM TO LEAGUE PENNANT

Harry Heilmann, slugging outfielder and captain of the Detroit "Tigers" (left), and Bill Moriarty, fighting manager, are confident of giving any team in the American League a tight race for the pennant this season. (International Newsreel)

## TOUGH COMPETITION FOR DISTRICT HONORS IN SATURDAY'S MEET

Salem High will find the sledding hard-going in the district meet at Reilly field Saturday, when the team meets with 16 other district teams, defending its district championship.

Keen competition is looked for in every event, and despite Salem's easy victory in the county meet, the chances for another district title for the Springermen look dark.

While Salem was walking all over the county squads, other schools of the district were establishing themselves as strong rivals in their own meets, especially Canton McKinley, winner of the Stark county championship.

McKinley appears to be the strongest squad in the district, and the chief stumbling block to Springfield's team. Massillon and Alliance were given a terrible trouncing. McKinley rolling up more points than the other two of them together. Coach Young's men made better marks than the Salem team in no less than 10 events of the 14 held, and in one of the events, the 880, the best man didn't compete.

**Rudy May Win 880**  
The events in which the Stark countians excelled in were the 100, the high hurdles, high jump, shot put, discus, broad jump, mile, 440, 220, and the relay. In only the half mile, the pole vault, which Salem has clinched, the low hurdles, and javelin did Salem marks outclass Canton's.

Allen Rudy, McKinley's star 880 man, dropped out of the event to allow his teammate, McCormack, with a first place, "Mac" stepping in 2 minutes 9 seconds. Rudy has been known to run it in 2:05 many times.

This doesn't look so good. Then there is Akron South, with Sauer, the dash man who finished second in the 440 finals at the Tech meet, and placed in the 100 ahead of Seeds. Youngstown South has Freddie Everett and a string of weightmen. Raven and Akron East are all strong teams.

Salem, though, should give the winner a hard battle, and may do the unexpected and win the meet. Springfield's teams are noted for pulling the unexpected and Seeds, Litty, Pasco, Van Campen, Whinnery, Floyd, Sidinger all have place for improvement that may pull the unexpected business to perfection.

**East Liverpool May Star**  
Van Campen looks like the man to give Rudy a battle in the 880 if anyone does, as the Salem sophomore has been improving right along, and doing it in just a good time as Rudy. Rudy's best time this year is 2:09, but it is a known fact that he has been off color in that event so far this year.

Massillon, Alliance, Ravenna, Struthers, Akron North, and Warren are not expected to do much in the meet, but are rather unknown to date as to previous performances. East Liverpool, with Eimer English in form again, may turn out strong, but lack any strength besides English and Kirkham, the weight man of the squad.

Massillon's strength is represented in its jumpers, Hammond and Jones. Hammond high jumps 6 feet 2 inches, and won the broad jump at Canton Saturday with 20 feet 3 1/2 inches. Buttermore and Mauger are fair weight men. Alliance will figure heavy in the 100, and 440, entering Oliver in each event.

**Garfield Has Weight Men**  
Massillon has a low hurdler, Schnerle, who will make Salem's duo. Seeds and Litty do some stepping, but besides him, Hammond, Jones, Buttermore, and Mauger, the team is weak. Schnerle has run the hurdles in 27.7 seconds.

Akron Garfield is stronger than Salem in the weights, Popeko and

## NOBODY LAUGHS AT THE RED SOX

They're Getting Along Quite Well, Thank You, Says Bill

New York, May 17.—Nobody is laughing at the Boston Red Sox these days. The Back Bay boys, for years the joke of the American League, have won five straight games and are less than half a game away from the first division. They nosed out Detroit yesterday, 5 to 4, in the 11th inning, the defeat marking Detroit's sixth successive setback.

Bill Carrigan has collected a prize winning bunch of rookie pitchers, retained the best of the young players bequeathed him by former managers, and balanced the team with four seasoned veterans—Flagstead, Williams, Gerber and Hofmann. The long distance hitting of Williams has won several games. The Sox have been leading the league in fielding.

Ty Cobb is getting spryer as the weather becomes warmer. The veteran drove in four runs with a home run and a single and actually stole a base as the Athletics slaughtered Cleveland, 15 to 2. Hale and Fonseca also hit homers. Rube Walberg held the Indians to five hits.

All other teams were idle yesterday. In the National League today the eastern clubs will begin the last leg of their western invasion. Cincinnati and Chicago, tied for the lead, take on Brooklyn and Boston respectively. The New York Giants, smarting under four successive defeats by the Cubs will endeavor to wrest third place from the Cardinals.

## JOHNNY KLESH SERIOUSLY ILL

Cleveland, May 17.—Johnny Klesh, local middleweight boxer was in a serious condition today according to attaches at City hospital here where Klesh was rushed last night from the home of his mother, Mrs. Elizabeth Klesh, where he lives.

Hospital physicians will make a thorough examination of Klesh this morning in an effort to discover the cause of his illness.

The boxer was outpointed in a ten-round fight with Dick Evans of Youngstown, at Warren, May 15. Klesh's friends asserted, complained of feeling ill after the fight. However, he returned home and went to bed.

Yesterday Klesh felt indisposed but thought nothing of it, Mrs. Klesh declared.

Late last night the boxer became violently ill and when a doctor arrived he found Klesh in convulsions. The youth was then rushed to the hospital.

## 60,000 WILL SEE BOUT FOR TITLE

Mandell and McLarnin are Ready For Gong At New York Tonight

New York, May 17.—Sixty thousand or more at the gate, are expected to view the scheduled 15 round battle at the Polo grounds tonight between Sammy Mandell, the Rockford (Ill.) "chok" and "Baby Face" Jimmy McLarnin, of the Pacific coast, for the lightweight championship of the world.

It promises to be the most interesting lightweight battle in four years—since the night of July 23, 1924 when Benny Leonard whipped Lew Tendler in the same ring.

Both Champion Mandell and McLarnin are supremely confident of victory. They are trained down to a fine point and ready for the bell. They have motored to New York City from their training camps in the country and will weigh in at the offices of the State Boxing Commission at 2 o'clock this afternoon. Neither boxer is likely to have any difficulty scaling below 135 pounds.

Heavy betting on the outcome was reported today, with Mandell a 6 to 5 favorite. It was freely predicted, however, that the fighters will enter the ring at even money. Many thousands of dollars have been wagered. The betting has been heavier than on any fight hereabouts since the Dempsey-Firpo thriller.

The fight has all the elements of a "natural." It brings together a brainy, resourceful and game boxer in Mandell and a knockout puncher in McLarnin. It brings a champion into the ring who has lost some of his popularity because of his wariness in selecting opponents against the tremendously popular McLarnin whose recent one-round knockout of the sprightly Sid Terris amazed the fight fans of New York.

## 'BIG TEN' GOLF TOURNAMENT TO BE HELD AT STATE

Columbus, May 17.—Midwest collegiate golf championships of 1928 will be decided here when nubbick wielders of Big Ten Conference schools meet in tournament to be held at the Scioto Country Club, May 24 and 25.

Representatives of every Big Ten university which will bring the entry list to nearly 40 contestants, are expected to take part in the meet, according to George W. Trautman, assistant physical director of Ohio State university who is one of the officials in charge of the tournament.

## LEADERS OF CINCINNATI REDS

Jack Hendricks, left, manager, and Charlie Hargrave, veteran catcher and captain of the Cincinnati Reds. The Cincinnati team is considered by many to have better than an even chance to capture the National League bunting this season. The Reds' last pennant was captured by the 1919 team, which was led by the late Pat Moran.

## Victory a Certainty!

Miller Huggins, manager of the New York Yankees, champions of the world and American League, emphatically states there is not a stumbling block in the path of his team, and that he is certain they will run rampant this season to retain the pennant.

## Track Meet Ball On Saturday Night

A track and field ball will be held at the Memorial building for visiting athletic teams Saturday night, following the district meet at Reilly field.

Dancing will start at 9 o'clock and continue until 12. Eddie Schuck's Orleans will play.

## Warns of Inferior Seed Potatoes Sale

Seed potatoes of inferior quality, some of which are sold as certified seed, are being offered to the farmers of Columbiana county this year according to County Agent Floyd Lower of Lisbon.

While much of the seed is of good quality, yet some is of less value than the potatoes many of the purchasers have at home. Uncertified seed is likely to carry a high percentage of various diseases.

Purchasers of so-called "certified" seed have been warned to be careful to note on the certification tag the name or number of the grower and the agency which has made the inspections and has done the certification work.

This work is usually done by the state agricultural college, the state department of agriculture or the state experiment station. Where the certification tag does not give this information the seed is not truly state certified seed, Agent Lower warns.

## SAN FELICE

FOR GENTLEMEN OF GOOD TASTE

The Deisel-Wemmer Co., Makers—Established 1884

THE POLLOCK-DAUGHERTY CO., YOUNGSTOWN

## THE CAT'S WHISKERS

WATCH FOR THIS AD. EVERY THURSDAY

VOL. 2 MAY 17, 1928 NO. 20

A young lady was watching a modern dancing contest. A June bug fell down her neck and she won first prize.

We asked a proud mother yesterday, "How old is she?" And she says, "He's six months old, thank you!" We're always making that mistake.

We don't know how you feel about it, but we're getting anxious for summer. We've put the old overcoat away nine different times, now, and have had to drag it out again each time to avoid getting pneumonia.

Gossip is spread by women who vow they won't mention it to a soul.

We know a man who reads all the newspapers, periodicals and magazines that he has subscribed for. Now you tell one.

Lady—"I want an alarm clock that will wake father up without disturbing the whole family."

Clerk—"I'm sorry but the kind we have will wake the whole family up without disturbing father."

How's the grass growing? Better buy a Quaker City Lawn Mower, the best on the market at \$14.50.

Willy stood on the railroad track. He didn't hear the bell.

The engine went to Halifax.

And—we know where you think Willy went, but he didn't, because he was walking on the other track.

House Agent—"We allow no dogs in our apartments. Have you any?"

New Tenant—"Well, there's a young pup who persists in calling on my daughter. No objections to that, is there?"

You should have your awning order placed now if you want them for the hot weather period.

## Outselling All 'Sixes'

### A nationwide acknowledgement of the Worlds Greatest Value

A buying preference of enormous proportions lifts the Essex Super-Six far above the crossfire of competitive claims. It is the public itself which says the finest things for Essex.

It is outselling all other "Sixes"—in many sections by more than 2 to 1. And, with slight variations, this preference is the nation's and the world's.

The new Essex Super-Six is a delight to the eye—in lines, in fine exterior appointment and in careful finish that invites and repays the closest examination.

Within, this satisfaction to eye and sense is apparent in every detail. The quality of the high-backed, form-fitting seats—richly upholstered—impresses you immediately. At the slender, graceful wheel, you look out over the shining beauty of cowl, hood, saddle-type lamps, heavy, arching fenders, to the winged radiator figure that expresses the spirit and fleetness under your hand.

You have before you the handsome grouping of dials and meters upon the beautiful ebony instrument board.

Starter and electro-lock are there to your hand, too. Bendix four-wheel brakes give smooth positive stopping action and an added sense of greater security. All doors are weatherstripped. The body is of silenced construction, adding to the notably quiet operation of Essex.

And then you have the famous Essex chassis, powered with the Super-Six high-compression, high efficiency motor that turns waste heat to power, giving brilliant sustained performance never before known in this field.

To see, to examine, to ride in the New Essex Super-Six can bring only one conclusion—it is the World's Greatest Value—altogether or part by part.

## ESSEX Super-Six

Coach, \$735 Sedan (4-Door), \$795 Coupe \$745 (Rumble Seat \$30 extra)

All prices f. o. b. Detroit, plus war excise tax. Buyers can pay for cars out of income at lowest available charge for interest, handling and insurance.

# STEEL KING RECEIVES MEDAL

Mr. Charles M. Schwab, American steel king, is back from England with the gold Bessemer medal, which was presented to him by the president of the Iron and Steel Institute of Great Britain. Mr. Schwab made the trip to England especially to receive this honor.

## LEETONIA

The Parochial school of St. Patrick's church, put on the program at the meeting of the Kiwanis club, Tuesday evening in the Methodist parish house, where a very large attendance was present to enjoy the dinner served by the Busy Bee society.

Miss Mary Kathryn Cavanaugh played a piano solo; Miss Katherine Fox gave a reading, "The Greatest Battle Ever Fought"—In a mother's heart. The choir boys of St. Patrick's church sang a medley of patriotic airs. Mrs. James Hall accompanied the singers.

Link Gelsman of Brentwood, Calif., who is here visiting with former friends, played several selections on the piano. Jack Cartwright of Sallenville was also a guest. He is visiting the Kiwanis clubs in an effort to organize a Kiwanis baseball team. In the business meeting presided over by the president, R. C. Harrold, the subject of the observance of Memorial day was discussed. The American Legion post has all plans perfected for May 30. A speaker for the day will be selected by the club.

It was decided that prior to May 30, the Kiwanis club will build a driveway and give Oakdale cemetery a general cleanup. The driving is to be near the center of the cemetery, encircling the pump.

Another subject discussed was the moving picture show, "The G-Force," which will be given at the American theater, Wednesday and Thursday evenings, May 23-24. The play is sponsored by the club, the proceeds to go to the underprivileged children's fund.

The agricultural committee, stated the quota was not yet filled for boys and girls potato club. It is hoped there will be more join and compete for the prizes.

The class of young girls in St. Paul's Lutheran Sunday school, taught by Miss Margaret Metz, held a recent meeting and elected officers for the coming year. The officers are: President, Miss Helen Schaeffer; vice president, Miss Helen Waggoner; secretary, Miss Hazel Johnson; treasurer, Miss Frances Tittler. On Tuesday evening the class held its first meeting since organizing. The meeting was held in the Lutheran chapel and was in charge of a committee consisting of Misses Helen Schaeffer, Helen Groner, Twila Zimmerman and Dorothy Williams. The evening was enjoyed with games and contests. Refreshments were served by the committee in charge. The class will hold its meetings the third Tuesday of each month.

On Monday evening the last meeting of the year of the Parent-Teachers' association, was held in the domestic science rooms North Side school building. An excellent program was given consisting of a piano duet by Miss Ruth

Prior and Orlo A. Stroupe; vocal duet, the Misses Helen Berg and Mary Frances Johnson; an excellent address by Dr. Lippert of Columbus, on "Health and the Spring Roundup;" a vocal duet by James S. Hall and T. B. Cope.

A business meeting followed during which former officers were re-elected. They are: President, Mrs. Nellie Conrad; secretary, Mrs. T. B. Cope; treasurer, Miss Roma Degnan.

Mrs. William Lindsay is staying at the home of her son, John Lindsay in Sebring for a time. She was home a short time on Tuesday and reported the birth of a daughter to Mr. and Mrs. John Lindsay on Saturday.

Mrs. Anthony Salvino and daughter, Frances Mae, were Salem business callers on Tuesday.

Mrs. Mary Connelly went to Salem on Tuesday to visit in the home of her niece, Mrs. Charles Snyder.

Atlantic City—Shortly before he became president, Woodrow Wilson attended a Y. W. C. A. cornerstone laying here. This fact was referred to when Mrs. Herbert Hoover was introduced at a similar function.

## DAMASCUS

The program for commencement at Damascus High school auditorium, May 29, is as follows:

Music, orchestra; invocation, Rev. D. B. Cope; Music, orchestra; oration, "Youth and Vision," Clark Shreve; music, orchestra; oration, "The Crime Wave," Pearl Yates; music, orchestra.

Class address, Congressman James T. Begg, Sandusky; music, orchestra; presentation of class of 1938 to board of education, Principal C. G. Long; presentation of diplomas by president of Board of education, Fred W. Israel; presentation of eighth grade certificates, Assistant County Supt. R. L. Druhot; benediction, Rev. H. L. Phillips; music, orchestra.

Dada's orchestra of Warren will furnish the music.

Guayaquil, Ecuador—The streets of Guayaquil today were littered with debris from buildings rocked by a strong earthquake. The tremor lasted about 90 seconds and people ran from their homes and workshops in terror.

## Anna Lois Coffee Wins Second Prize For Essay On Credit

Miss Anna Lois Coffee won second prize for her essay on credit in the contest held among students in the Salem Business college by Miss Martha Wire, manager of the Salem Credit bureau, who has been lecturing on this subject.

Miss Coffee's essay follows: Credit In the farewell address of George Washington, written in September, 1796, he says, "As a very important source of strength and security, cherish public credit." If public credit is for the preserving of nations it must also be essential to individuals.

Credit and character go hand in hand. Credit is almost synonymous with character and either one once lost is incredibly hard to regain. Eighty-seven per cent of the world's business is carried on through credit and it is a great asset and convenience to have one credit good any place. When I say any place I mean one place and you move to another in order to get out of paying your debts, poor credit will follow you and stick to you the same as a poor character.

When a merchant extends credit to you, he acknowledges confidence in you and your ability to pay, and when you pay your bill you respect that confidence and strengthen it; this makes a friendship which is hard to be broken by anyone but yourself—that is of course a business friendship. Credit establishes closer relations between merchant and customer. You may deal year after year at a certain store and pay cash, and the chances are that the merchant's attention is never drawn to the amount of your purchases, but when you do a credit business with his store, he knows and appreciates the extent of your patronage.

Then there is the convenience of credit. How much easier it is to step to the phone and order your day's supplies and have them delivered than it is to go personally and do your shopping and pay cash, or to order goods delivered C. O. D. This is a great annoyance both to you and to the delivery boy. You must be on the watch for the delivery and have the cash ready, as so often it is hard to make change and your time and that of the delivery boy is wasted getting the account adjusted.

It is much more convenient to pay bills once a month by check than to pay the small amounts each day and then you have your canceled checks to keep for reference and as receipts.

Merchants of course lose large sums of money by extending credit to unreliable and dishonest people but this is quite unnecessary and can be easily avoided by consulting a local credit bureau. There are credit bureaus in practically all cities now and it is their business to keep informed as to the financial standing of people in their district. In case an inquiry comes in regarding someone with which the bureau is unfamiliar, they immediately proceed to gather all information about the party and are able in a short time to give out all details as to the person's standing. If a family moves from one city to another, it is quite easy for the credit bureau to get a line on their credit as these credit bureaus are all linked up and co-operate in every way with each other in giving out information. Credit stimulates business and encourages buying thereby making prosperity and surely if credit is good for a nation, it is equally good for the people.

Another phase of the credit system is installment buying, whereby expensive luxuries are made possible to medium-salaried families. The most common among these are automobiles, radios, electric refrigerators, washing machines and other electrical equipment. But this installment system of credit is not always an unmixed blessing, as people are sometimes induced to buy

beyond their means, because of the credit extended to them.

In manufacturing and business affairs, matters of credit are very important, in fact if it were not for the system of credit, or if credit could not be secured and commodities had to be paid for on a cash basis the business of the nation would be seriously handicapped. In order that business may be conducted safely, credit bureaus, such as R. G. Dun & company, Bradstreet, etc., have been established for the purpose of obtaining the financial rating and the ability and promptness with which the various business institutions of the nation meet their obligations.

One of the first requisites of successful business organizations is to familiarize themselves with credit systems. They not only must establish their own credit but it is also necessary that they have knowledge at hand of the ability of their customers to pay their bills when due. It is therefore recommended that if a business is purely local that affiliation be established with a reliable local credit bureau. And of course if the business is of a national character a nationally known credit service should be secured.

It is therefore of the utmost importance, to keep your credit and character above reproach, that you may be at all times worthy of a position of trust.

ANNA LOIS COFFEE.

Faenza, Italy—Raphael Bandanti, seismologist, has predicted that in the near future earthquakes would occur both near and far away. He said there would be special manifestations in the Mediterranean region with slighter repercussions in Southern Siberia and along the Pacific coast of South America.

MOST people know this absolute antidote for pain, but you are careful to say Bayer when you buy it? And do you always give a glance to see Bayer on the box—and the word genuine printed in red? It isn't the genuine Bayer Aspirin without it! A drugstore always has Bayer, with the proven directions tucked in every box:

Aspirin is the trade mark of Bayer Manufacture of Monocetateester of Salicylicacid

## STUDEBAKER'S \$795 ERSKINE SIX

Sets Ten New Records by Traveling

1000 miles in 984 minutes

ON April 26, two strictly stock Erskine Club Sedans—exactly like those you can purchase from any Studebaker dealer—each traveled 1000 miles in less than 1000 consecutive minutes.

The run took place at Atlantic City Speedway, and was supervised by officials of the American Automobile Association who verified the stock design of the cars.

As a result, ten new records for stock cars under \$1000 were established by the Erskine Six. And Studebaker has demonstrated that its 76-year-old traditions for careful building are carried through in the design, materials and workmanship of this low-priced fine car—named for Albert Russel Erskine, Studebaker's president.

Although sold at the lowest price at which any Studebaker-built car was ever offered (\$795 f. o. b. factory), Studebaker has not permitted any compromise in the materials or workmanship entering into the Erskine Six. That is why this car was able to travel 1000 miles at better than a mile a minute—why you can drive your Erskine Six 40 miles an hour even when NEW—why the Erskine is so economical to maintain and to operate.

A few minutes behind the wheel of the New Erskine Six will introduce you to a type of performance as sensational for its price class as that of the World's Champion Commander is to the field of higher priced cars.

## FILMS BY WIRE IN OWN COLORS NOW PREDICTED

Experiments Being Made  
By Bell Co. and The  
Western Electric

Hollywood, Cal., May 17.—Transmission of motion pictures by telephone wires in natural colors and with full accompanying musical scores perfectly synchronized was predicted here today as the means of distributing the photoplay of the future.

The recent success in "telephoning" a strip of motion picture film from Chicago to New York is only a forerunner of "broadcast" the movies, in the opinion of Roy J. Pomeroy, head of the scientific research and experimental department of Paramount studios.

Working in conjunction with the Bell Laboratories and the Western Electric company, Pomeroy is conducting a series of experiments on which he bases his outline of the future method of production and exhibition of motion pictures.

"The motion picture of perhaps five years from now will be 'broadcast' simultaneously to many theaters," Pomeroy predicts. This will be done by wire to luminous, energized screen and the process will carry with it perfectly synchronized musical accompaniment.

**Many Change Method**  
"It is altogether possible that some other substance will replace film in the recording of motion pictures. Perhaps a disc somewhat similar to the present phonograph record will be substituted for transparent celluloid.

"Color and stereoscopic quality will be combined in this new process of exhibition and the sound synchronization will reach a degree of perfection unknown today."

Pomeroy, who was responsible for the sound effects in the aviation picture "Wings" is conducting experiments to bring sound synchronization to a high point of perfection.

"The projectionist of the future will be an engineer operating the central station in a given district. From this station wires will carry the picture and musical score simultaneously to all of the theaters within a given radius of the station," Pomeroy declared.

"The picture will be reproduced on a new luminous, energized screen which has already functioned successfully in the experimental work now being conducted.

**Finer Projection**  
"The experimental screen is composed of neon light tubes to which thousands of electrical contacts are made. The present efforts have been done on a small scale. The finished product will boast of millions of electrical contacts and will produce finer projection than we have today with the best of the present methods," he says.

Pomeroy doubts if it will ever be possible for motion pictures to be received in homes as radio is today because of the prohibitive cost of the equipment.

"The energized screen which is an essential part of the 'broadcasting' of pictures by wire will not only go beyond the reach of the individual pocketbook but it will be so delicately constructed that it will require a trained electrical engineer to supervise its functioning," he points out. "The additional sound reproduction offers added obstacles in the way of home reception."

### COURT NEWS

#### Admits Charge

Ernest Demore, of Wellsville, who has been in the county jail for 30 days, entered a plea of guilty to petty larceny when taken before Juvenile Judge Lodge Riddle, and was fined \$5 and costs. Demore was charged with taking goods valued at \$12.40 from the McGeehan Tire shop. In passing sentence the court took into consideration the fact that the defendant had been in

### WESTERN MISS IN PERFECT FORM

As athletic as she is shapely is 17-year-old Corinne Condon, leading candidate from Omaha, Neb., for a place on the Olympic swimming team. Despite her comparative youth, Corinne holds no less than eight mid-western A. A. U. records and four national records. Her dad is so pleased with her prowess that he has built a private pool for her to train in.

the custody of Sheriff Wright for a month.

#### Must Sell Property

Receiver W. W. Beck has been ordered by Judge Lones to sell all the property described in the petition in the case of Charles Dunlap against Leslie Dunlap. Judgment for \$1,788.75 has been rendered in favor of the plaintiff, and a decree also entered for foreclosing a mortgage. The appraisers appointed in this case are I. G. Harris, Harvey Stuffer and Harold Brian.

#### Judgment Is Obtained

Judgment for \$2,535.89 has been entered by the court in the case of the First National Bank of Salem against Ernest G. Heston, an action in foreclosure. This judgment was entered in the first and third causes of the action. In this same case a judgment has been entered against the same defendant and also for costs in favor of the Farmers National bank for \$2,610.25. A decree of foreclosure has been entered, an order of sale and made and liens will be marshaled.

#### Two Wives Seek Decrees

Elizabeth Grimm of Salem has filed a petition for divorce in common pleas court against her husband, Harry Grimm, residing on the Rhodes farm, Depot rd, charging him with gross neglect of duty and habitual drunkenness for over a period of three years. The couple were married April 16, 1917, and have no children.

Gertrude M. Hooker, Salem, has filed her petition for divorce against her husband, Harry Hooker, of 425 East Taggart st, East Palestine. They were married Sept. 16, 1914, and have one child. Extreme cruelty is made a ground for the action, in that the defendant deserted the

### Human Skeletons 4,000 Years Old In Grave In England

Pembroke, Wales, May 17.—Human skeletons nearly 4,000 years old have been discovered in a hidden grave at Ludchurch, near here, by A. G. O. Mathias and J. D. Beddoe, two local antiquarians.

With the skeletons is buried a dog.

Sir Arthur Keith, famous anthropologist, has identified the bones as being those of a woman, evidently an adult, a man, a child—or the fragments of the backbone of a newly-born baby.

All the bodies were placed together in what was evidently a family tomb. Alongside the skeleton of the dog was a beaker or drinking vessel made of clay. It was from this that the date of burial is fixed.

Dr. Cyril Fox, director of the Welsh National Museum at Cardiff, says the beaker belongs to the beginning of the Bronze Age—about 1700 B. C.

### Little Green Capsules Stop Rheumatic Agony

Prove It In 5 Days

There's nothing in the world that brings such quick and complete relief from the pain and misery that makes life almost unbearable as those tiny green capsules known from coast to coast as Allenru Number 2.

More than one man and woman whom horrible rheumatism has been carrying down to helplessness—suffering the torture of the damned can testify to this.

All you have to do is to take one tiny capsule each hour for the first ten hours the next day one every two hours for 14 hours then take as directed.

Substitutes and imitations may be offered you but remember it's "the little green Capsule" that is turning the trick and bringing joy to thousands of Rheumatic sufferers, so insist on Allenru No. 2.

The J. H. Lease Drug Co., Flodding's drug store and Bolger & French or any reputable druggist in America will be glad to supply you. Adv

Keep youth  
longer!  
cleanse the system  
of poisons

Two of the great enemies to youth and vitality are delayed elimination and intestinal poisons. To keep yourself free from both these common difficulties will help you to stay young.

With the use of Nujol you can do it too. For Nujol absorbs body poisons and carries them off, preventing their absorption by the body. Nujol also softens the waste matter and brings about normal evacuation. It is harmless; contains no drugs or medicine. It won't cause gas or griping pains, or affect the stomach or kidneys. Every corner druggist has Nujol. Make sure you get the genuine. Look for the Nujol bottle with the label on the back that you can read right through the bottle. Don't delay, get Nujol today.
